## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 23, 2004, and the Supplemental Amendment, filed on July 26, 2004, has been entered.

### ***Allowable Subject Matter***

2. Claims 1-3, 8-19, 22-51 are allowed.
3. The following is the Examiner's statement of reasons for allowance: Applicant has amended the claims to include a plurality of supply ports that supply a pressure-transfer medium, in combination with a static pressure film of the pressure-transfer medium filling a clearance between an inner surface of a holding member and an outer surface of a pair of molding die members, said dies being configured to be slid in the holding member by the static pressure film. This provides for an unobvious improvement over the prior art molding dies in that it is a static pressure film of the transfer medium that holds the die member in a non-contact state – which is not taught or reasonably suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Examiner's Amendment***

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Kelly on Thursday, August 5, 2004.

The application has been amended as follows:

**IN THE TITLE:**

Before "Molding", insert -- A --, and after "Molding", delete "Die, Molding Device, Molding Method, Injection Molding Machine, Injection Compression Molding Machine, Compression Molding Machine and Glass Molding Machine", and replace with -- Die --.
